Unlocking Your Reading Potential
Lectio Solution

Comprehensive Reading Development Programme

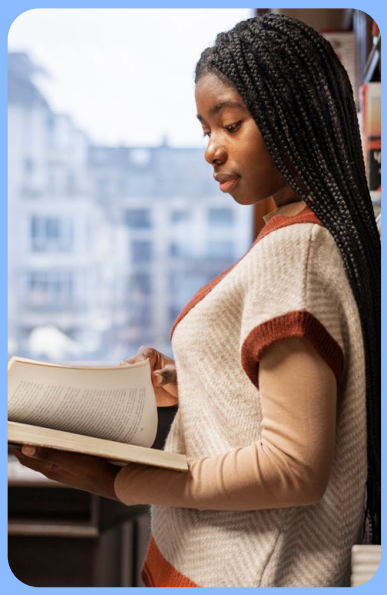
Ages 8 - 18+

Comprehensive Reading Development

About

Lectio Solution uses the latest science and technology to improve students' visual processing, reading and comprehension skills. Through this dynamic programme students are empowered to improve their academic results and experience improved confidence in their academic achievements.

Sessions are designed to be fun and engaging for children and adults of all ages and abilities.



Visual intelligence is the ability to interpret, understand, link and process visual information. Reading is linked to visual intelligence and is at the core of academic success.

The abilities of a visually intelligent learner are:

- Reading is fun
- Comprehension is easy
- A good vocabulary and command of language

Do you want to empower your child on a journey of academic success and lifelong learning? Then, today is the time to act and invest in your child's future.

Programme outcomes

- Increased reading speed, better comprehension and vocabulary skills
- Potential improvement in academic results

Learner responsibilities:

The student will be required to:

- Attend all 15 × 1-hour supervised sessions over 8 weeks
- Attend both mandatory sessions per week
- Complete and submit all exercises at the end of both mandatory sessions

What our learners say...

"Dear Teacher Linda,

Thank you so much for assisting Didi through the Lectio Solution Program. Didi's reading in English has improved so much. When he was assessed for Afrikaans Teacher Linda coule not rate him but through the extra classes and the Eyebraingym programme, teacher Linda has managed him get him reading and loving Afrikaans. I recommend the program for parents and the results will be so evident from the 1st month."
