Choose from three school formats

All our school formats have the same academic integrity, lesson structure and learning content.
Qualified, SACE-registered teachers set and mark all assessments, tests and exams.
All formats deliver fully accredited curriculums.

Every format provides:

- Lesson recordings to rewatch any time
- A fixed timetable for assessments, tests and exams
- 24/7 access to learning platform and Parent App

Whichever school format you choose, you'll be taught by expert teachers and geared to get better results in a way that works for you. Want the interaction of an online classroom setting and a full school day of scheduled live lessons? Prefer a mix of some live online classes during school hours and pre-recorded lessons that make up the rest of the day's coursework? Prefer to learn from only pre-recorded lessons?

School formats

Live	Hybrid	Recorded
The unrivalled live learning experience	**The gold standard in hybrid learning**	**The next level in on-demand learning**
A full school day of scheduled live online lessons taught by qualified teachers according to a daily timetable. All lessons are recorded and can be rewatched any time.	A mix of scheduled live online lessons taught by qualified teachers according to a daily timetable, and pre-recorded lessons that make up the rest of the day's coursework. All live lessons are recorded to rewatch any time.	Pre-recorded lessons taught by qualified teachers to watch daily at a time you choose. Lesson recordings always remain available to be rewatched any time.
Designed for learners who thrive on structure and live interaction.	**Designed for** learners who value a balance of structure and flexibility.	**Designed for** learners who prefer independence and flexibility.
Lesson format 100% live online classes All lessons are recorded to rewatch any time	**Lesson format** Some live online classes during school hours Pre-recorded lessons to watch the rest of the day	**Lesson format** No live online classes 100% pre-recorded lessons to watch during the day
What to expect • A timetabled, full school day from early morning to early afternoon • Direct engagement with teachers in a live, online classroom setting, every day • Interactive participation in class with fellow learners, every day • Contact with teachers in real-time via messaging through our learning platform • All lessons are recorded to rewatch any time	**What to expect** • A mix of independent learning via lesson recordings, combined with in-class live interaction with learners and teachers • Live online classroom lessons will be scheduled during school hours, with the rest of the day to watch pre-recorded lessons at a time you choose • Direct engagement with teachers in a live, online classroom setting, for a portion of each morning • Interactive participation in class with fellow learners, for a portion of each morning • Contact with teachers in real-time via messaging through our learning platform • All lessons are recorded to rewatch any time	**What to expect** • A flexible, daily schedule to suit a learner's unique lifestyle, with freedom to learn outside of normal school hours • Suited to learners who prefer independent learning and can complete daily coursework by watching lesson recordings only • Learners who can thrive academically without any live online classroom interaction with learners and teachers • Contact with teachers via messaging through our learning platform • All lessons are recorded to rewatch any time
